FY BEDDING

HOME TEXTILE COLLECTION

Bedding / Bath / Home decor

Home textiles for hospitality, retail and private label

About FY Bedding

Established in 2003 in Nantong, Jiangsu, FY Bedding develops and manufactures home-textile programs for hospitality, retail and private-label buyers.

Jiangsu Richisland Meian Textile Technology Co., Ltd.

Product development, material selection, sampling and production coordinated around the buyer’s brief.

Markets we serve

Hotels & resorts	Sheets, duvet systems, pillows, protection, towels and robes. Commercial care and room consistency.
Retail & department stores	Coordinated assortments with clear color, size and packaging choices.
DTC & e-commerce	Material selection, differentiated hand feel, branded presentation and parcel packing.
Healthcare & senior living	Comfort, practical care, fit and project-specific product requirements.
Vacation rental	Coordinated room essentials, replacement packs and straightforward care.

Development & manufacturing

Material selection and sampling establish the approved product. Production follows the agreed construction, workmanship and measurement requirements.

Brief / Sample / Approval / Production / Inspection / Delivery

Quality control

Control point	Review
Materials	Fiber, color, weight and production lot
Approved specification	Construction, dimensions, tolerance and care
Sample	Approved physical reference and recorded comments
Workmanship	Seams, quilting, edges and finishing
Fill & weight	Composition, net fill, distribution and loft
Label & pack	Artwork, count, fold and carton requirements
Release	Inspection records and shipment approval

Test methods and acceptance limits are agreed for each project.

BEDDING

Bed linen, filled bedding and mattress care

Sheet sets

Flat and fitted sheets with coordinated pillowcase options. Choose percale, sateen or washed constructions, then specify mattress depth, set contents and finishing.

Materials

Cotton, polycotton, lyocell, linen blends

Weave

Percale, sateen, twill, washed constructions

Common mattress sizes

Twin, Full, Queen, King, California King

Set configuration

Flat, fitted, pillowcases, hotel triple sheet

Custom options

Color, print, embroidery, label, packaging

Sheet sets / collection

Hotel white

Percale

Tone-on-tone

Cotton blend

Warm oat

Sateen

Natural flax

Washed linen

Grey blue

Lyocell option

Sage

Washed cotton

Terracotta

Microfiber option

Fine stripe

Cotton blend

Development options. Final fiber, shade, construction, dimensions and performance are approved for each project.

Soft premium loft

Feather-blend pillow
Supportive natural-fill option

Down-alternative pillow
Consistent easy-care option

Microfiber hotel pillow
Commercial core program

Memory-foam pillow
Contoured support option

Adjustable-fill pillow
Buyer-controlled loft option

Customization

Fill, net weight, profile, firmness, shell, size, recovery, packaging

Specification	Development reference
Sizing	Standard, Queen and King. Finished dimensions matched to the approved insert and buyer size chart.
Fill materials	Down, feather blend, microfiber, memory foam
Fill weight	Net fill specified by size and firmness
Profiles	Low, medium, high, adjustable loft
Shell	Cotton, polycotton, microfiber, knitted cover
Construction	Knife edge, gusset, chamber, molded foam
Performance	Recovery, migration, odor, wash / care route
Custom options	Firmness, piping, protector, label, compression

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Mattress pads & toppers

Quilted pads, foam toppers, featherbeds and fiberbeds provide different comfort-layer formats. Select fill, surface fabric, attachment and finished loft for the mattress size.

Fill materials

Polyester, down alternative, feather, foam

Face materials

Cotton, microfiber, knit, cooling option

Product formats

Quilted pad, foam topper, featherbed, fiberbed

Common sizes

Twin, Full, Queen, King, California King

Custom options

Depth, quilting, cooling, label, compression

Mattress pads & toppers / collection

Customization

Size, material, construction, branding and packaging by project.

Specification	Development reference
Product formats	Pillow protector, mattress protector, foundation cover
Coverage	Fitted, five-sided, six-sided full encasement
Common sizes	Standard / King pillow, Twin through California King bed
Depth / fit	Mattress or foundation depth + shrinkage allowance
Surface materials	Cotton terry, knit, microfiber, woven face
Barrier / closure	PU barrier, zipper, flap, project-defined system
Performance	Water resistance, noise, breathability, wash durability
Custom options	Size code, zipper, color, label, packaging

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Bed skirts

Tailored, box-pleated, gathered and wrap-around bed skirts. Coordinate fabric, drop length, corner treatment and attachment with the bed platform and room collection.

Materials

Cotton blend, microfiber, decorative woven

Styles

Tailored, box pleat, gathered, wrap-around

Common drops

14, 16, 18 in or project-specific drop

Attachment

Platform deck, elastic wrap, hook-and-loop

Custom options

Color, pleat, piping, label, room program

Bed skirts

Product formats

Tailored bed skirt
Clean structured panels

Box-pleat bed skirt
Centered or corner pleats

Gathered bed skirt
Soft residential presentation

Wrap-around bed skirt
Easy installation format

Split-corner bed skirt
Bed-frame clearance option

Platform bed skirt
Deck-attached hotel option

Customization

Deck size, finished drop, corner, pleat, fabric, color, attachment

Specification	Development reference
Platform sizes	Twin, Full, Queen, King, California King
Common drops	14, 16, 18 in or project-specific drop
Styles	Tailored, box pleat, gathered, wrap-around
Materials	Cotton blend, microfiber, decorative woven
Corners	Split, continuous, pleated, reinforced
Attachment	Platform deck, elastic wrap, hook-and-loop
Tolerance	Drop consistency and straight hem required
Custom options	Color, pleat, piping, label, room program

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Bed runners

Decorative bed runners in jacquard, velvet, microfiber or printed woven fabrics. Choose a quilted, lined or reversible construction with coordinated edge finishing.

Materials

Jacquard, velvet, microfiber, printed woven

Construction

Quilted, reversible, lined, unfilled

Common width

20-26 in development option

Common length

80-100 in or project-specific bed mapping

Custom options

Artwork, logo, embroidery, color, size

Bed runners

Product formats

Quilted bed runner
Padded structured accent

Jacquard bed runner
Woven pattern option

Printed bed runner
Custom artwork option

Velvet bed runner
Rich tactile surface

Reversible bed runner
Two-sided room program

Logo / embroidered runner
Brand-specific hospitality option

Customization

Bed mapping, finished size, face, backing, stitch, piping, artwork

Specification	Development reference
Common width	20-26 in development option
Common length	80-100 in or project-specific bed mapping
Materials	Jacquard, velvet, microfiber, printed woven
Construction	Quilted, reversible, lined, unfilled
Weight	Finished GSM specified by face and backing
Edge finish	Piping, binding, mitered or turned hem
Performance	Shade, seam, laundering, room consistency
Custom options	Artwork, logo, embroidery, color, size

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Decorative cushions & inserts

Square, Euro, lumbar and bolster formats offered as covers, inserts or filled sets. Coordinate surface fabrics, fill, closures and decorative details within the collection.

Cover materials

Bouclé, velvet, linen blend, jacquard

Insert materials

Polyester, feather blend, foam option

Common sizes

18×18, 20×20, 22×22, 12×20 in

Closures

Hidden zipper, envelope, sewn closed

Custom options

Cover only, insert only, filled set, retail pack

Decorative cushions & inserts

Product formats

Square cushion
Core 18 / 20 / 22-inch option

Lumbar cushion
Rectangular accent format

Bolster cushion

Large square bed styling

Cushion cover only
Retail and private-label cover

Filled cushion
Complete cover-and-insert product

Customization

Shape, finished size, face fabric, closure, insert, trim, packaging

Specification	Development reference
Common sizes	18×18, 20×20, 22×22, 12×20 in
Insert formats	Square, Euro, lumbar, body, bolster
Cover materials	Bouclé, velvet, linen blend, jacquard
Insert materials	Polyester, feather blend, foam option
Fill weight	Net fill matched to approved fullness and recovery
Closures	Hidden zipper, envelope, sewn closed
Details	Piping, flange, embroidery, quilting, trim
Custom options	Cover only, insert only, filled set, retail pack

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

BATH

Towels, mats, robes and guest-room accessories

Coordinated color, size and finishing

Bath towels

Cotton and cotton-blend towel options with a choice of yarns and woven borders. Coordinate bath towels, bath sheets, colors and branding for hotel or home collections.

Materials

Cotton, cotton blend, recycled-content option

Yarn options

Ring-spun, combed, zero-twist option

Common sizes

Bath 27×54, Bath sheet 35×70 in

Finished weight

Common option 450-700 GSM

Custom options

Color, size, logo, border, set, packaging

Bath towels

Product formats

Hotel bath towel
Commercial white-terry program

Retail bath towel
Color and presentation-led option

Bath sheet
Oversized premium format

Spa towel
Wellness and treatment-room option

Pool towel
Color-coded leisure program

Beach towel
Large-format patterned option

Customization
Fiber, yarn, GSM, size, border, color, laundering, pack

Specification	Development reference
Common sizes	Bath 27×54, Bath sheet 35×70 in
Materials	Cotton, cotton blend, recycled-content option
Yarn options	Ring-spun, combed, zero-twist option
Finished weight	Common option 450-700 GSM
Borders	Dobby, cam, plain, custom woven border
Performance	Absorbency, lint, colorfastness, shrinkage
Care	Hotel laundry or residential care route
Custom options	Color, size, logo, border, set, packaging

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Hand & face towels

Washcloths, hand towels and guest formats with terry-loop or velour-face options. Coordinate dimensions, woven borders, colors and embroidery as singles or matching sets.

Materials

Cotton, cotton blend, bamboo-viscose option

Construction

Terry loop, velour face, woven border

Common sizes

Washcloth 12×12, Hand towel 16×30 in

Finished weight

Common option 450-650 GSM

Custom options

Color, embroidery, label, band, retail pack

Window, seating and dining textiles

Curtains & drapes

Blackout, sheer and decorative window textiles with grommet, rod-pocket, pleat or track headings. Specify finished width, drop, fullness and lining for each window.

Materials

Blackout woven, sheer voile, decorative fabric

Headings

Grommet, rod pocket, pinch pleat, track

Common lengths

84, 96, 108 in or project-specific length

Panel width

Common retail 52 in, custom hospitality width

Custom options

Color, print, hardware, label, packaging

Curtains & drapes

Product formats

Blackout curtain
Room-darkening coated or lined option

Sheer voile curtain
Light-filtering decorative layer

Hotel blackout drape
Commercial track and lining option

Grommet curtain
Metal-eyelet retail format

Rod-pocket curtain
Simple residential heading

Pinch-pleat drape
Tailored premium construction

Customization

Window size, fullness, heading, lining, panel count, hem, color

Specification	Development reference
Common lengths	84, 96, 108 in or project-specific length
Panel width	Common retail 52 in, custom hospitality width
Materials	Blackout woven, sheer voile, decorative fabric
Finished weight	Fabric GSM specified by selected construction
Headings	Grommet, rod pocket, pinch pleat, track
Lining	Unlined, blackout, dim-out, decorative lining
Measurement	Finished width, fullness, drop, hem allowance
Custom options	Color, print, hardware, label, packaging

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Throw pillows

Decorative covers, inserts and filled pillows in square, lumbar, bolster or Euro shapes. Coordinate velvet, boucle or woven surfaces with closures, piping and embroidery.

Cover materials

Velvet, bouclé, linen blend, jacquard

Insert materials

Polyester, feather blend, foam option

Common sizes

18×18, 20×20, 22×22, 12×20 in

Closures

Hidden zipper, envelope, sewn closed

Custom options

Cover only, filled, coordinated set, retail pack

Throw pillows

Product formats

Square throw pillow
Core sofa and bed format

Lumbar pillow
Rectangular support accent

Bolster pillow
Cylindrical decorative format

Euro pillow
Large square styling layer

Bouclé pillow
Textured premium surface

Velvet pillow
Soft rich-color option

Customization
Size, shape, cover material, insert, closure, trim, artwork

Specification	Development reference
Common sizes	18×18, 20×20, 22×22, 12×20 in
Shapes	Square, lumbar, bolster, Euro, custom
Cover materials	Velvet, bouclé, linen blend, jacquard
Insert materials	Polyester, feather blend, foam option
Fill weight	Net fill approved by size and fullness sample
Closures	Hidden zipper, envelope, sewn closed
Details	Piping, flange, embroidery, applique, trim
Custom options	Cover only, filled, coordinated set, retail pack

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Table linens

Tablecloths, runners, placemats and napkins in coordinated woven fabrics. Finished dimensions follow the table shape and desired drop, with a choice of hem and edge details.

Materials

Cotton, linen blend, polyester, jacquard

Products

Tablecloth, runner, placemat, napkin, topper

Table shapes

Rectangle, square, round, oval

Finished weight

Common option 140-250 GSM

Custom options

Size, color, print, embroidery, set, pack

Table linens

Product formats

Tablecloth
Rectangle, square and round formats

Table runner
Central decorative table layer

Placemat
Individual place-setting format

Napkin
Coordinated dining textile

Table topper
Short-drop decorative overlay

Hospitality table set
Matched commercial table program

Customization
Table dimensions, drop, shape, material, edge, color, set mix

Table shapes	Rectangle, square, round, oval
Measurement	Table length / width / diameter + desired drop
Materials	Cotton, linen blend, polyester, jacquard
Finished weight	Common option 140-250 GSM
Products	Tablecloth, runner, placemat, napkin, topper
Edge finish	Hem, mitered corner, piping, scallop
Performance	Stain-release option, shrinkage, colorfastness
Custom options	Size, color, print, embroidery, set, pack

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Decorative throws

Decorative throws in waffle, fleece, sherpa, knit and gauze constructions. Coordinate the surface texture, finished weight, fringe or binding with the room collection.

Materials

Cotton, polyester, recycled, wool-look

Constructions

Waffle, fleece, sherpa, knit, gauze

Common sizes

50×60, 50×70 in, custom room sizes

Finished weight

Common option 180-450 GSM

Custom options

Color, stripe, logo, belly band, gift pack

Decorative throws

Product formats

Cotton waffle throw
Breathable textured option

Plush fleece throw
Soft easy-care option

Sherpa throw
Warm double-face option

Knitted throw
Decorative stitch program

Gauze throw
Light relaxed layer

Fringed woven throw
Structured room accent

Customization
Fiber, weave / pile, GSM, size, fringe, binding, color, care

Specification	Development reference
Common sizes	50×60, 50×70 in, custom room sizes
Materials	Cotton, polyester, recycled, wool-look
Constructions	Waffle, fleece, sherpa, knit, gauze
Finished weight	Common option 180-450 GSM
Surface	Brushed, pile, knitted, woven texture
Edge finish	Fringe, binding, overlock, turned hem
Performance	Pilling, shedding, shrinkage, colorfastness
Custom options	Color, stripe, logo, belly band, gift pack

Final specifications, care, tolerances and test requirements are confirmed against the approved sample.

Bouclé & velvet

Bouclé cover

Hidden zipper. 18 × 18 or 20 × 20 in. Insert optional.

Velvet cover

Knife edge. 20 × 20 in. Color and insert by approved brief.

MATERIALS

Hand feel, structure and product application

Fabric selection

Material	Surface / structure	Applications
Cotton percale	Plain weave, crisp and matte	Sheets, duvet covers, pillowcases
Cotton sateen	Smooth drape and subtle sheen	Premium bedding and pillowcases
Washed cotton / linen blend	Relaxed texture	Bedding and decorative textiles
Bamboo viscose / lyocell	Regenerated-cellulose options	Bedding, towels and robes by brief
Microfiber / polyester	Lightweight, care-focused options	Hospitality and utility programs
Wool	Natural fiber or blended fill	Quilts, toppers and blankets
Waterproof textile systems	Membrane or coating with textile face	Protectors and mattress pads

Composition, construction, finish and performance are project-specific. Material options do not imply certification.

Fill & performance

Down, feather blends, down alternative, foam, PLA and wool options are specified by product and use.

Fill identity	Composition, blend, net weight and supplier records
Finished behavior	Loft, recovery, migration and appearance after care
Test route	Named method, acceptance limits and approved sample

CUSTOMIZATION

Product, artwork, labels and packaging

Custom development

Develop a coordinated program around material, hand feel, color, size and construction.

Swatches, color references and samples establish the product before production.

Final specifications and commercial terms follow the approved brief.

Print, embroidery & finishing

Print

Artwork scale, repeat, color separation and strike-off approval.

Embroidery

Placement, thread, density, backing and sew-out approval.

Finishing

Piping, flange, binding, quilting and trim matched to the product.

Private label & packaging

Labels, hangtags, barcodes and packing designed around the sales channel.

Bags and fabric pouches
Zipper, adhesive or drawstring closures
Branded inserts and retail packs
Carton marking and pack-out

Sample approval & repeat orders

01	**Product brief**	Define the product, market, material, size mix and quantity.
02	**Sample approval**	Record the accepted construction, hand feel, color and fit.
03	**Golden sample**	Identify the approved version and retain physical and written references.
04	**Bulk release**	Check the product, labeling and pack-out against agreed acceptance criteria.
05	**Repeat order**	Maintain approved references and document changes before production.

BUYER REFERENCE

Sizing, specifications and quotation inputs

Sizing reference

Market / bed name	Reference mattress size
UK Single	90 × 190 cm
UK Double	135 × 190 cm
UK King	150 × 200 cm
EU Single	90 × 200 cm
EU Double	140 × 200 cm
EU King option	160 × 200 cm
AU Queen	153 × 203 cm
AU King	183 × 203 cm

Finished dimensions come first

Specify mattress width, length and depth, then confirm the finished product size.

Include the desired drop, tuck, opening, flange and allowance for care.

Pillowcases and shams must fit the approved insert.

Reference sizes from the supplied catalog. Names vary by market and retailer. Purchase orders use approved dimensions.

Measurement & care

Specification	Required agreement
Conditioning	State the condition of the product before measurement.
Measurement method	Define flat, relaxed or stretched measurement and reference points.
Tolerance	Use an absolute or percentage limit with a sampling plan.
After-care testing	State wash cycles, drying and reconditioning.
Appearance	Agree shrinkage, shade, pilling, loft and workmanship targets as applicable.
Rounding	Use a controlled unit and a documented rounding rule.

The approved specification records method, condition, tolerance and acceptance criteria together.

Units & conversion

From	To	Conversion
Inches	Centimeters	in × 2.54
Centimeters	Inches	cm ÷ 2.54
GSM	oz/yd²	GSM ÷ 33.906
oz/yd²	GSM	oz/yd² × 33.906
Kilograms	Pounds	kg × 2.20462
Pounds	Kilograms	lb ÷ 2.20462
°C	°F	(°C × 9/5) + 32

Use one master unit on the approved specification and define the rounding rule.

Quotation brief

Section	Information to provide
Product	Product family, intended use, market and size mix
Material	Composition, construction, weight and finish
Performance	Care route, shrinkage limits and required tests
Design	Color, print, embroidery and trims
Branding	Labels, hangtags and barcode artwork
Packaging	Fold, bag, insert, carton and channel requirements
Commercial	Quantity, target price and Incoterm
Timing	Sampling, approval and delivery dates

MOQ, pricing, capacity and delivery schedules are confirmed for the approved project.

Project documentation

Evidence matched to the product

Company, factory, material and finished-product records have different scopes. Documentation should identify the holder, site, product and validity period.

Management systems

The supplied 2023 company profile references ISO 9001, ISO 14001 and ISO 45001.

Factory audit records

The supplied profile includes amfori BSCI and SCAN records.

Material credentials

Confirm the named material supplier, site and product coverage.

Product reports

Match test results to the specified product or sample.

Historical references only. Current copies, scope and validity require confirmation for the project.
